The villa is located in a residential area and is fully walled. A gate secures the site. You will be able to park several vehicles within the villa. The villa is framed by a large garden of 6000m².

This 4 bedroom villa is an architectural jewel. It offers very nice amenities for a comfortable stay guaranteed. The villa is a single storey villa. Extremely well designed, the layout allows to go from outside to inside instantly.

The rooms are built around the pool. All the rooms are air-conditioned

- one with a double bed 200*200, private bathroom (shower and WC), dressing room
- one with a double bed 160*200, private bathroom (shower and WC), dressing
- one with two single beds, private bathroom (shower and WC), dressing room

The two beds can be glued together to make a double bed

- one with a pull-out bed for two children (not suitable for adults). The occupants of this room can use the guest bathroom with shower and toilet.

The villa in the meadows is very artistic. The decoration is uncluttered and allows the works of the Martinique artist Luz Severino to express themselves. Take the time to live!

Contemplate the paintings, relax by the pool with the sea in the background, share convivial moments around the table soccer or concoct good dishes in the large open kitchen.
